About the Cover

The cover photo is from the splash page of Rae Bradbury-Enslin's award-winning documentation for her *Athena Parthenos* historical masquerade entry at Costume-Con 32 in 2014. An interior image of the Parthenon in Nashville, Tennessee was digitally manipulated in Photoshop. The original statue was partially erased so that her image could replace it (she found this portion to be a little gruesome), then the layer with Rae in costume (at left) was added. You can read Rae's article about her multi-year odyssey to recreate the sculpture in costume starting on page 17.
